Bambu Lab AMS 3H
Disclaimer and Safety Guidelines

Disclaimer and Warning

Thanks for purchasing a Bambu Lab product. The information in this document affects your safety and your legal rights and responsibilities. Read this entire document carefully to ensure proper configuration before use. Failure to read and follow instructions and warnings in this document may result in serious injury to yourself or others damage to your Bambu Lab product, or damage to other objects in the vicinity. This document and other collateral documents are subject to change at the sole discretion of Bambu Lab.

By using this product, you hereby signify that you have read this disclaimer and warning carefully and that you understand and agree you are solely responsible for your own conduct while using this product, and for any consequences thereof. You agree to use this product only for purposes that are proper and in accordance with all applicable laws, rules and regulations, and all terms, precautions, practices, policies, and guidelines Bambu Lab has made and may make available. Bambu Lab accepts no liability for damage, or injury or any legal responsibility incurred directly or indirectly from the use of the product. The user shall observe safe and lawful practices including, but not limited to, those set forth in this document.

Bambu Lab is a trademark of Shenzhen Tuozhu Technology Co., Ltd. and its affiliated companies. Names of products, brands, etc., appearing in this manual are trademarks or registered trademarks of their respective owner companies.

Legal and Compliance Notice

Certain features are offered on a regional basis and are intended to be used only by consumers located in the corresponding region(s). Using the product outside its region including importing or exporting the product; modifying the software or any files generated by the software; or misrepresenting or manipulating information; may implicate a range of authorizations and compliance requirements, such as intellectual property rights, environmental compliance, network-access/telecommunications certification, mandatory product certifications and safety standards, privacy and data-protection requirements, customs and import/export clearances, and other applicable laws or third-party rights. Before taking such action, you should obtain all related authorizations and ensure compliance yourself. Bambu Lab does not authorize cross-region use of the product and assumes no responsibility or liability for any use undertaken without the necessary authorizations or otherwise not in compliance with applicable requirements; you agree to indemnify and hold Bambu Lab harmless from any resulting claims.

Before You Start

The following documents have been produced to help you safely operate and make full use of your Bambu Lab product:

- Disclaimer and Safety Guidelines
- Quick Start Guide

Check that you have all the included parts. Please review the entire Quick Start Guide before operating the printer. Read the Disclaimer and Warning above to understand your legal rights and responsibilities. If you have any questions or problems during the installation, maintenance, or use of this product, please contact Bambu Lab or a Bambu Lab authorized dealer.

Safety Guidelines

1) Please exercise caution when opening or closing the top cover due to its heavy weight.
2) Before using the drying function, please make sure to use the provided power cord and connect it to a power supply based on its specifications.
3) After powered on, do not plug or unplug circuit terminals inside the product.
4) The product shall be used by personnel with necessary training, knowledge and experience.
5) The product must be disconnected from the power supply before carrying out any installation or maintenance work.
6) Installation and maintenance must be carried out by a skilled worker in compliance with the manufacturer's instructions and local safety regulations.
7) Do not use multiple plug adapters or extension leads.
8) Do not touch the product with any wet part of the body and do not operate it while barefoot.
9) The product contains moving parts, high-voltage and high-temperature components. Do not reach inside the product while it is in operation.
10) This product is designed solely for indoor use. It should be kept in a dry environment.
11) The recommended operating temperature for the product is between 10 °C to 30 °C (50 °F -86 °F).
12) The recommended humidity level is under 85%.
13) The product should be positioned on a clean, stable, and flat workbench.
14) The product should be kept in a well-ventilated location.

Compliance Information

FCC Compliance Notice

Supplier's Declaration of Conformity

Product name: AMS 3H
Model Number: SA017
Responsible Party: Shenzhen Tuozhu Technology Co., Ltd. (Bambulab USA Inc)
Responsible Party Address: 8000 Centre Park Drive, STE 330, Austin, TX, 78754
Website: **www.bambulab.com**

We, Shenzhen Tuozhu Technology Co., Ltd. (Bambulab USA Inc), being the responsible party, declares that the above mentioned model was tested to demonstrate compliance with all applicable FCC rules and regulations.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20 cm between the radiator and your body.

ISED Compliance Notice

This device contains license-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic

Development Canada's license-exempt RSS(s). Operation is subject to the following two conditions:
(1) This device may not cause interference. (2) This device must accept any interference, including interference that may cause undesired operation of the device.
L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:
1) L'appareil ne doit pas produire de brouillage; 2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

ISED Radiation Exposure Statement

The device meets the exemption from the routine evaluation limits in section 2.5 of RSS-102 and compliance with RSS-102 RF exposure; users can obtain Canadian information on RF exposure and compliance.
This equipment should be installed and operated with a minimum distance of 20 centimeters between the radiator and your body.
Le dispositif est conforme à l'exemption des limites d'évaluation de routine de la section 2.5 de la norme RSS-102 et à la conformité à l'exposition aux RF de la norme RSS-102. Les utilisateurs peuvent obtenir des informations canadiennes sur l'exposition aux RF et la conformité.
Cet équipement doit être installé et utilisé avec une distance minimale de 20 centimètres entre le radiateur et votre corps.
Cet émetteur ne doit pas être co-situé ou fonctionner en conjonction avec une autre antenne ou un autre émetteur.

EU Compliance Statement

Hereby, Shenzhen Tuozhu Technology Co., Ltd. declares that the radio equipment type AMS 3H is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: **https://bambulab.com/en/euro-compliance**

UK Compliance Statement

Hereby, Shenzhen Tuozhu Technology Co., Ltd, declares that the radio equipment type AMS 3H is in compliance with Radio Equipment Regulations 2017. The full text of the GB declaration of conformity is available at the following internet address: **https://bambulab.com/eh/euro-compliance**
